G.N. 5983 LANDS DEPARTMENT

FORESHORE AND SEA-BED (RECLAMATIONS) ORDINANCE (Chapter 127) (Notification under section 5)

PROPOSED 275kV SUBMARINE CABLE ROUTE FROM LAMMA ISLAND TO CYBERPORT

Notice is hereby given that the undertaking described in the Schedule below is proposed. A copy of the plan delineating and describing the proposed undertaking and the foreshore and sea-bed to be affected thereby has been prepared and may be inspected by the public free of charge at the Lands Department Survey and Mapping Office, 23rd Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong (where copies can be purchased on order); at the Islands District Office, 20th Floor, Harbour Building, 38 Pier Road, Central, Hong Kong; and at the Southern District Office, Ground Floor, Ocean Court, 3 Aberdeen Praya Road, Aberdeen, Hong Kong during the following hours:—

Monday to Friday 9.00 a.m. to 4.30 p.m. Saturday 9.00 a.m. to 12.00 noon

Sundays and Public Holidays closed

Further queries regarding the proposed works can be addressed to the District Lands Office, Islands, Lands Department, 19th Floor, Harbour Building, 38 Pier Road, Central, Hong Kong (Telephone No.: 2852 4275).

Any person who considers that he has an interest, right or easement in or over the foreshore and sea-bed so described may, by notice in writing delivered to the Director of Lands, 20th Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong before the expiration of two months from the date of this notice, object to the proposed undertaking. The notice of objection shall describe the interest, right or easement of the objector and the manner in which he alleges he will be affected.

SCHEDULE

Foreshore and sea-bed affected

Approximately 160 hectares of foreshore and sea-bed from Yung Shue Wan, Lamma Island, to Pak Kok San Tsuen, Lamma Island; and from Pak Kok Tsui, Lamma Island, to Cyberport, Hong Kong Island as delineated and shown edged black on a plan deposited in the Land Registry and numbered ISM0529.

Description of the undertaking and the manner in which the foreshore and sea-bed will be affected by the proposed undertaking

Laying of three 275kV submarine cable circuits (nine single core 150 mm diameter submarine cables) and one group of auxiliary cables (three 100 mm diameter submarine cables) at a burial depth of approximately 3 to 5 metres in the existing foreshore and sea-bed from Yung Shue Wan to Pak Kok San Tsuen and from Pak Kok Tsui to Cyberport with a total length of about 6 kilometres. All submarine cables will be laid by hydraulic method, i.e. trench excavation and cable laying will be done simultaneously.

The area of foreshore and sea-bed affected is shown on the plan on the next page for identification purposes only. The area is more particularly shown on the plan numbered ISM0529 above referred to.
