Saturdays, Sundays and Public Holidays	closed

Sai Kung District Office

Monday to Friday	9.00 a.m. to 7.00 p.m.
Saturdays, Sundays and Public Holidays	closed

Further queries regarding the proposed works can be addressed to the District Lands Office, Hong Kong West and South, 20th Floor, Southern Centre, 130 Hennessy Road, Wan Chai, Hong Kong (Telephone No.: 2835 1711).

Any person who considers that he has an interest, right or easement in or over the foreshore and sea-bed so described may, by notice in writing delivered to the Director of Lands, 20th Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong before the expiration of two months from the date of this notice, object to the proposed undertaking. The notice of objection shall describe the interest, right or easement of the objector and the manner in which he alleges he will be affected.

SCHEDULE

Foreshore and sea-bed affected

Approximately 2.19 hectares of foreshore and sea-bed from Deep Water Bay to the eastern boundary of the Hong Kong Special Administrative Region as delineated and shown by a bold red line on a plan, numbered HKM10130, deposited in the Land Registry.

Description of the undertaking and the manner in which the foreshore and sea-bed will be affected by the proposed undertaking

- (i) Installation of a submarine optical fibre cable of approximately 39.8 kilometres in length and 100 millimetres in diameter by divers and jet-ploughing/jetting technique.
- (ii) The submarine optical fibre cable will be buried in a narrow trench of approximately 0.5 metre in width at a target depth of approximately 5 metres below the sea-bed.
- (iii) Where the submarine optical fibre cable crosses the existing telecommunications cables, it will be shallow buried (with articulated pipe/'Uraduct'/other similar protection).
- (iv) Where the submarine optical fibre cable crosses the existing gas pipeline, it will be surface laid and/or shallow buried within a distance of approximately 100 metres centred on the crossing point. If necessary, the submarine optical fibre cable may be protected by 'Uraduct' or an optional cable protection using concrete mattress/grout bags/rock dumping of a maximum width of 20 metres.

The area of foreshore and sea-bed affected is shown on the plan on the next page for identification purposes only. The area is more particularly shown on the plan numbered HKM10130 above referred to.

Personal Information Collection Statement

Any information, including the personal data, submitted to the Director of Lands in connection with any written objections/comments will be used for the processing of the objections/comments and other related purposes. The provision of any information, including the personal data, other than the information as required under section 6(2) of the Foreshore and Sea-bed (Reclamations) Ordinance (Chapter 127) is voluntary. However, it may not be possible to process the objections/comments if such information, including the personal data, is not sufficiently provided. Any information, including the personal data, so submitted may be disclosed to the relevant government departments and other persons, organizations or agencies which are required to handle the objections/comments and related matters. Persons who have so submitted their personal data have the rights to request access to and correction of their personal data held by us. Request for access to or correction of the personal data should be made in writing to the Departmental Personal Data Controlling Officer of Lands Department at 21st Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong.

13 October 2017

Tony MOYUNG *Deputy Director/Specialist, Lands Department*
