

It is hereby notified that sealed tenders are invited for **Contract No. TD 57/2017—Installation of Traffic Detectors on Selected Strategic Routes**. The contract comprises two parts:—

- (1) works including the design, supply, delivery, installation, testing and commissioning of approximately 550 traffic detectors on selected strategic routes and associated systems including a power management system for the traffic detectors, a wireless data communication system, and a central computer system for fusion and dissemination of traffic data; and
- (2) 8-year operation and maintenance services of the completed works.

The works are scheduled to commence in April 2018 and will take about 32 months to complete.

Tenders must be clearly marked with the tender reference and the subject of the tender on the outside of the envelope (but should not bear any indication which may relate the tender to the tenderer) addressed to the Chairman, Central Tender Board, and placed in the Government Logistics Department Tender Box situated on the Ground Floor, North Point Government Offices, 333 Java Road, North Point, Hong Kong, before 12.00 noon on Friday, 22 December 2017. Late tenders will not be accepted. If a black rainstorm warning signal or tropical cyclone warning signal No. 8 or above is in effect at any time between 9.00 a.m. and 12.00 noon on Friday, 22 December 2017, the tender closing time will be postponed to 12.00 noon on the first working day after the black rainstorm warning signal has ceased to be in effect or the tropical cyclone warning signal No. 8 is lowered. An announcement of change will be made through the radio.

Tender documents are obtainable from AECOM Asia Company Limited at 8th Floor, Grand Central Plaza, Tower 2, 138 Shatin Rural Committee Road, Sha Tin, Hong Kong (Telephone No. (852) 3922 8550, Fax No. (852) 3922 9797).

Open tendering is adopted. All interested contractors who meet the following requirement are invited to tender:—

The tenderer, or the major shareholder or lead participant in case of a joint venture tenderer, has completed at least one construction contract involving design, supply and installation of either Traffic Detector System or Traffic Control and Surveillance System at roads, tunnels or viaducts, with awarded values not less than HK\$25 million, in or outside Hong Kong, within the past 15 years (counting back from and including the original date set for the close of tender).

The detailed requirements on the tenderer's qualification are stipulated in the tender documents.

This tender is covered by the Agreement on Government Procurement of the World Trade Organization and will not involve electronic auction. This notice also serves as a summary notice required under the Agreement on Government Procurement of the World Trade Organization.

A charge will be levied for delivery of tender documents where the delivery of tender documents is requested by a tenderer. A written request must be made.

The Government of the Hong Kong Special Administrative Region does not bind itself to accept any tender irrespective of whether the tender is the lowest bid or where the assessment of tenders is based on a marking scheme or formula approach, the tender has the highest overall score.

The Government of the Hong Kong Special Administrative Region reserves the right to negotiate with any tenderer about the terms of the offer.

Details of the award of this contract will be published in the Government of the Hong Kong Special Administrative Region Gazette and made available on the Internet at ([https://www.gldpcms.gov.hk/etb\\_prod/jsp\\_public/cn/scn00101.jsp](https://www.gldpcms.gov.hk/etb_prod/jsp_public/cn/scn00101.jsp)).
