Housing Authority Headquarters
33 Fat Kwong Street, Ho Man Tin, Kowloon

Companies who do not register before the due date will not be considered for the pre-qualification, and their names will not be put on the list of tenderers.

Companies who have shown their interest will be required to complete and submit a questionnaire in due course. The eligibility of contractors to tender for the above Term Contracts shall be assessed based on the above requirements and their proven capability and performance. Selected contractors will then be separately invited to tender.

The tender to be invited will not be covered by the Agreement on Government Procurement of the World Trade Organization and is anticipated to be issued in first quarter of 2014.

The contractors will be required to confirm their compliance with 'related company restriction'^{Note 1}, when accepting pre-qualification invitation. For related companies, only one of these companies is allowed to submit a tender for each tender.

The contractors will be required to confirm in writing their acceptance of 'tender irregularity restriction', when accepting pre-qualification invitation, as follows:—

'Without prejudice to the rights and remedies which we may have, should you fail to submit tender after you have committed to do so or withdraw your tender after submission, your participation in future pre-qualification/tendering exercise will be adversely affected, as such failure has reflected the poor attitude and sincerity of a tenderer in preparing and submitting a tender.'

The Hong Kong Housing Authority reserves the right to reject any application.
