SCHEDULE

Sea-bed affected

Approximately 10.3 hectares of sea-bed situated at the waters within the Hong Kong International Airport Approach Area No. 1 as delineated and shown edged red on a plan, numbered ISM3146a, deposited in the Land Registry.

Description of the undertaking and the manner in which the sea-bed will be affected by the proposed undertaking

- (i) Deployment of up to 500 artificial reef units on the sea-bed within the Hong Kong International Airport Approach Area No. 1 to provide micro marine habitats as shelters and nursery grounds for the purposes of marine and fisheries resources enhancement.
- (ii) The artificial reefs will be made of durable and non-polluting materials and will be deployed in a manner that the tops of the reefs are at least 4.5 metres below the sea surface at any stage of the tide, leaving sufficient clearance between the artificial reefs and sea surface for safe marine navigation.
- (iii) The artificial reefs will collectively occupy a footprint of approximately 0.3 hectare.
